# Burpee's Red List

Fall Edition

## Advance 1920 Prices for Seedsmen and Dealers

Burpee Specialties and  
Leading Varieties of  
Flower and Vegetable  
Seeds

Place Orders Now for Your Spring  
Supply at Reduced Prices

W. Atlee Burpee Co.  
Wholesale Department  
Seed Growers                              Philadelphia

PHILADELPHIA, October, 1919.

We can give Dealers' orders better and more prompt attention if they are received and filled before the rush of our spring mail-order business.

**Special Prices  
and Terms**

To make it to your advantage to order early, we have published this advance list, giving **special reduced prices** on those Burpee specialties and varieties most in demand in the retail trade. The prices in this Catalog are considerably lower, in nearly every case, than we shall be able to make them in our regular Red List, issued in January. Should we find it possible to make any further reductions, however, we will give you the advantage of them.

By ordering now for shipment in January, 1920, you will insure a full supply for your spring business at the lowest possible prices, and will avoid the inevitable delays of the busy season rush.

Moreover, we will make all bills for orders placed before January 1, for shipment at that date, **payable May 1**, allowing 2 per cent. discount for payment in full before March 10.

All orders received after January 1, 1920, will be billed at regular Red List prices and at our usual terms: 60 days net, 2 per cent. discount for cash in 10 days from date of invoice (except where otherwise stated).

It is to your advantage (as well as ours) to place your general orders now.

**Crop  
Conditions**

At this date some seed crops are not yet harvested and there is a possibility of a shortage in some lines, particularly garden peas and sweet peas. Until the supply is assured, we will accept orders only "subject to crop." In case of shortage, orders will be filled according to date of receipt and, in case of a partial failure of crop, we will advise you promptly, making pro rata delivery on orders as far as possible.

**The Burpee  
Collections**

The Burpee Collections of Vegetable and Flower Seeds (see inside back cover page) are worthy of your particular attention. They are splendid, quick sellers, easy to handle, and very attractive to small gardeners. You will find them a profitable investment.

Collections (unbroken) and all seed in original sealed packets, ounces, and quarter-pounds, which remain in your hands unsold at the end of the spring season, should be returned to us for credit against the following season's account.

**Retail  
Prices**

Burpee's Annual Catalog of Retail Prices for 1920 will be published January 1, as usual. Retail prices will show a considerable advance in most lines. The margin of profit between retail and wholesale prices will be as large or larger than heretofore.

If you wish to order other Burpee varieties besides those priced in this Catalog, send us a list of your needs and we shall be pleased to quote advance prices whenever possible.

## Terms of Sale

The prices quoted in this Catalog are subject to change without notice. We shall hold to them as long as possible, but they will be superseded by the prices in our regular Red List on January 1, 1920.

At these low rates the goods travel at the expense of the purchaser and when sent by parcel post the cost of postage will be added to the invoice.

Discounts to dealers on packets, etc.

**All Seeds in Retail Packets at 50 Per Cent. Discount**

**500 Packets or more at . . . . . 60 Per Cent. Discount**

**Vegetable Seeds in Ounces at 40 Per Cent. Discount**

} from retail prices

At the low bulk prices we shall charge for putting up larger sealed packages at the following rates:

Quarter Pounds—\$2.50 per 100; \$10.00 per 1000.

Half Pounds—\$3.00 per 100; \$12.00 per 1000.

Pounds—at the single pound prices listed.

Ten pounds or more will be supplied at the rates per hundred pounds; half pounds at the pound rate; but smaller quantities will be charged at a higher rate.

OCT 30 1919

# Burpee Quality Vegetable Seeds

We are listing here only the leading varieties of vegetables—those which are most popular throughout the greater part of the country. For a complete list of the varieties which we carry, and for full descriptions, refer to BURPEE'S ANNUAL, our retail catalog. Requests for prices on varieties not listed herein and other inquiries will be given prompt attention. Send inquiries separate from orders. If we can help you with any of your problems, let us know.

# Burpee's Famous Flower Seeds

We list below a few of the most popular sorts. Prices on other varieties will be quoted on request. See BURPEE'S ANNUAL for full descriptions.

Where a quarter-pound price is not quoted, it will be supplied at 3/10 of the pound price. We anticipate a general shortage of flower seeds next spring and prices will be high.
